- Immediate notification/escalation of problems to the Project Manager / Client.
- Ability to independently deliver on projects, also juggling multiple tasks.
- Good verbal and written communication skills

Education:

- Master's degree in Computer Management (M.C.M) from Nagpur University.
- Bachelor's Degree in Commerce from Nagpur University.

Total Work Experience (15+ years):

	Name	From Date	To Date
Current Company	NICE Interactive Solutions India Pvt Ltd	10-April-2017	till date
Previous Company	Zensar Technologies Ltd, Pune.	23-Oct-2006	03-April-2017
Previous Company	Sapient Corporation, Bangalore	19-Jun-2006	17-Oct-2006
	Magic Software Enterprise India Pvt. Ltd. Pune	March-2004	14-Jun-2006

Professional Experience Project Detail:

Product Name /Team/Location –IFM – Data Analytics / Actimize R&D/ Pune.

Duration: 22 months from 10th April,2017 to till date.

Designation(Role) : Senior Specialist QA Engineer (Data Analytics QA)

Technologies– AWS cloud, python Hadoop (Big Data), Oracle, Mssql,xml,csv,json files.

Contribution / Highlights: Involved in AWS cloud infra development and building data pipe on AWS cloud for Fraud/AML model building. Also involved in data driven Algorithmic model testing(JTA/MDP/ASOPT).

- Experience implementing AWS services and following 4 stage structure.
- Worked on EMR, EC2, S3,Dynomodb,Lambda,Security policies, users, roles and having knowledge of other AWS service /resources.
- Having hands-on experience on basic shell-scripting and Linux/Unix) commands.
- Having hands-on Python packages like boto,boto3,pandas
- Having hands-on experience on Ki development and Ki testing
- Tested score card model (IFM,JTA) - KNIME workflow.
- Tested & Validated the output result after applying the Algorithm - Isolation Forest, Random Forest, XGBoost and SMOTE as part of model development process(MDP)-KNIME workflow.
- Worked on different stages of Machine learning model development lifecycle
 - Validate data preparation - testing
 - data visualization using Anaconda Jupyter notebook
 - Feature engineering and new Feature development
 - validate model data processing - testing
 - validate model tuning - testing
 - validate model deployment process- testing into product
 - data driven model generation testing - to improve the performance of model
 - Model deployment into IFM platform at SMO-2 exit point.
 - Jenkins jobs/pipeline and build server for CI/CD.
 - GITLab as code repository.
 - Terraform, Ansible for AWS services.
 - Python code development for AWS Integrated data pipe-line

Project / Client Name / Location – IT Marketing QA /Cisco ODC/ Pune.

Duration: 11 months 11th January 2016 to 31st March 2017

Role : Project QA Lead / QA Lead

Technologies– Eloqua, Oracle, Cassandra, Hadoop (Big Data), Selenium Webdriver, TestNG, ANT.

Contribution / Highlights: Involved in Eloqua implementation and data migration with NGCC,SFDC and develop the automation test scripts .Manage day-to-day test lead level activities. Did POC for Query Surge and TestingWhiz tool for automating Big Data testing. Responsible for preparing and updating Test Estimation, Test Schedule, Test Estimation, Open/Close items, Risk log and PPQA. Reporting status to Project Manager on weekly basis.

- Identify the test cases needs to automate.
- Develop the scripts by using Java with Selenium Webdriver 2.
- Design and develop the test scripts on hybrid framework.
- Execute the scripts on the new build.
- Analyze the changes in the new build and update it accordingly.
- Handling testing team size of 12 tester at offshore and 18 tester at onsite.
- Monitor & evaluate the performance of team members.

Project / Client Name / Location– SFDC CRM data migration phase2/ Trimble /Pune.

Duration: 12 months January 2015 to December 2015.

Role : Test Lead

Technologies – Salesforce.com, TFS ,FCH, Selenium Webdriver, TestNG, Jenkins and ANT.

Contribution / Highlights: Involved in Sales and Service data migrated from legacy (Pivotal system) to salesforce.com and integrated with TFS 2012, FCH, Email messaging and many other WebAPI. Responsible for preparing Test Approach, Test Planning, identify gap, develop the automation test scripts, review manual test cases and status reporting to client.

- Identify the test cases needs to automate.
- Develop the scripts by using Java with Selenium Webdriver.
- Installed and configure continuous integration tools Jenkins on server
- Design and develop the test scripts on Data Driven framework.
- Handling team to QA team size of 4 tester.
- Review Manual test cases and Report the Bugs
- Execute the scripts on the new build
- Monitor & evaluate the performance of team members.

Project / Client Name / Location– Application & Data Migration project/ CREE / Pune.

Duration: 24 months from 30th November 2012 to December 2014.

Role : Automation Test Analyst/Test Lead

Technologies –VB.Net, MS SQL, Net Framework 3.5, TFS 2010, Oracle Apps(OM) Selenium Webdriver, Maven, Git Stacks.

Contribution / Highlights: Involved in writing of Functional, Database test cases and business scenarios for Engineering Change (EC) applications and identify the area/gap for re-use .Net code to use as template in any other projects. Responsible for test planning, test cases writing, execution and develop automation test script

- Prepare manual Functional, Database test cases for Engineering Change (EC)
- Identify the test cases needs to automate.
- Develop the scripts by using Java with Selenium Webdriver.
- Design and develop the test scripts on hybrid framework.
- Handling team to QA team size of 6 tester.

Project / Client Name / Location – Annuity application (AQUA, WEQS) testing/ UK & Pune.

Duration : 36 months from 12th November 2009 to 29th September 2012

Role : Senior Test Analyst

Technologies – Power Builder, Thunderhead, XML Spy, TOAD(Oracle), QC 10.2

Contribution / Highlights: Involved in Functional, Database, Regression and System Integration testing of AQUA, WEQS the Annuity quote application which was based on the .Net framework. I was responsible for Test Planning, Review test scripts including test data creation, test execution, defect logging and tracking the same to closure. Evaluated open source tool Diffdoc, Excel Compare, SOAP UI pro for reducing test execution efforts.

- Prepare manual Functional, Database , System Integration test cases for AQUA, WEQS.
- Prepare Evaluation Report and Comparative Chart for automation tool selection.

Project / Client Name / Location – Output Engine / Assurant Health /Milwaukee and Pune.

Duration : 7 months from March 2009 to 31 October 2009

Role : Individual Contributor

Technologies –IBM Mainframe, C#.Net, DB2, XML Spy, xDesignert.

Contribution / Highlights: Involved in functional and document migration testing to ensure the Output Engine document system to generate policy documents in PDF file format for printing. All major system interacted with Output Engine system to generate automatically policy packets and individual document letters .Request can received from Agent portal, Web services. Responsible to check impact of the new features or existing features in product for functional, regression testing and preparing test summary report

Project / Client Name / Location/Role–Merchant Indexing payment system ,Silica / Pune.

Duration : 9 months from July 08 to February 2009

Role : Senior Test Engg

Technologies – Java, Oracle, TOAD,XML,C++, DB link library (AT&T)

Contribution / Highlights: Worked as BA to do UAT testing for enhancements change in Silica applications Responsible for requirement capturing, planning, test scripts preparation, test execution, defect logging and tracking the same to closure.

Project / Client Name / Location – Hubs/John Lewis Direct/ London (UK).

Duration : 2 months from May 08 to June 2008

Technologies – C#.Net, Ms SQL, XML Spy

Role : Senior Test Engg

Contribution / Highlights: Involved in web based cross browser application testing where user can, give there own ideas and submit articles as magazine which will be published by the merchandiser of JLD through WSM to display in Hubs. Responsible for requirement capturing, test cases preparation, test data creation, test execution, defect logging and tracking the same to closure.

Project / Client Name / Location /Role – Range Planner /Marks & Spencer / UK and Pune.

Duration: : 18 months from 24th Oct 2006 to 30 April 2008

Role : Senior Test Analyst

Technologies – .Net Framework 2.0 , C#.Net, MS SQL, Mercury Quality Centre 8.2

Contribution / Highlights : Involved in functional, database, end to end and system integration testing to ensure

the major testing of Range Planner application. Follow Agile Scrum methodology –attend daily scrum meeting,

Project / Client Name / Location– Expert and Express/ Filogix/Sapient Corporation/Bangalore.

Duration: Around 4 months from 20 June 06 to 17th Oct 2006

Role : QA level II

Technologies –Java,Hybernet,C++,SQL Server

Contribution / Highlights : Involved in functional, regression and end to end testing. The employee and broker of National Bank of Canada NBC use Expert and Express application for mortgage properties. Expert is B2C web based application for adding new request by individual and Broker of Canada looking for Mortgaging properties. Express is B2B web based application used by NBC employees.

Project / Client Name/ Location – eDeveloper & iBolt (EAI) / Magic Software / Pune,

Duration: 30 months from January, 2004 to 14th June ,2006

Role: QC Engineer (Database testing team)

Technologies : Oracle, MS SQL, DB2, eDeveloper, iBolt and C++

Contribution / Highlights : Involved mainly in database testing and regression testing using different database like Oracle, DB2 and MSSQL for eDeveloper 9.4 /10 system application gateway testing. Also involved in iBolt 2.5a (EAI) tool testing to provide easy solution using different wrapped components.

Certification:

- NICE Certified Professional for IFM (Actimize) and RCM.
- Zensar Certified Professional for Cloud Testing.
- Zensar Certified Professional for Salesforce Testing.
- Zensar Certified Professional for Selenium Automation Tool.
- Zensar Certified Professional for Banking and Financial Domains.
- Certification VB.NET and ASP.NET from KICIT, Nagpur.
- Honors Diploma in System Management from NIIT, Nagpur.
- Certification "O" level from DOEACC, New Delhi.

Competencies:

Category	Skills
Test /Defect Management Tool	Quality Centre 10.2, Test Director 7.3,Rational Test Manger, Clear Quest , Test Link 1.7,JIRA,Mantis and PVCS Tracker.
Automation Testing Tool	Selenium Webdriver 2.0, TestNG, QTP and SOAP UI Pro
DevOps (CI/CD,Artifactory)	Jenkins, JFrog
Database	Oracle,MsSQL,DB2 and Pervasive SQL
Programming Language	Java,VB.Net,VB6,D2k,Foxpro
Other Supporting Software Tools	TFS 2010, VSS, XMLSpy, Star UML and TOAD
Operating System	Windows, Linux & Unix.
Domain	Banking (Fraud, AML, Payment), Insurance (Annuities & Health), Retail, Manufacturing and Utility.

Personal Details :

Actual Name	Ashish Ravindra Soni
Date of Birth	26th September,1978
